(cont.) VO AMG #2!

Hi again! Well now that I have the time to write what I missed out on, I forget what it was. Sounds like me! Remember when we were called the "Bobby" Twins? That was another good one. I think I like Fric & Frac better!

I wish that either #1, we could have been in the same ^{grade}, #2 lived by each other, or #3 could have known you ^{from} a few more years back. Oh well, this is better than anything. And I am definitely not going to forget this year. It was one of my best ones. Including not ditching all the times like last year, and having some good friends. Who would have ever guessed that me and you, and Mary & Nancy were going to "team-up" together. I'm glad though I was also finally able to keep up with your "Guy-Friends"! I forget all the

names now, but I would know them if I heard

them. You probly ended up having more than me! Stick with the John's & Mike's! There al-right. In fact there pretty nice to know! But I wouldn't

Know about those things! Try to remember as someone half way decent, and not someone who jumps on cars, has a fast temper, likes to cause trouble, and is always a "boy-watcher"! (lars!) Not me! For 2 people who only had a couple of classes together, we sure were together alot! People always asked me where you were when you weren't there. If we move, which we probly will after I'm out of school next year sometime, you don't have any idea how much I will miss you, I can't even begin to tell you. ^{I will next year, but you won't be there. (how sad)} I guess I'll have to make sure not to lose contact with you, like I did with Denise in New York. I'd go crazy if that happened again. It's too bad not everyone could know someone like you. They do not know what there missing out on. I know

you have a lot of good friends, but what can I say, they've known you longer too. I wish we could have been ^{as} good friends outside of school, as we were in school, but probly not so. You never know. We must go to the beach this summer, see who gets the blackest. "Wiggerized" I guess that's all. Remember if you need someone to talk to, I will always be here. And I know you can talk open! I guess I'll always think of you as sort of a 2nd sister (some one to fight with, but not as bad as regular sisters.)! Not really

My Lanie,
What a love! Oh, not you, Lisa.
Why doesn't he get transferred to Conception or somewhere like that? Oh well, we're out now, right? Hope you can find a job or something when you get back from your vacation. (Have fun there!) Hope you have a lot of warm memories from high school. Love, Kevin Gleason

CLASS OF '79
BAND, STAFF BAND, ORCHESTRA!

New Beginnings

Everything in life is a new beginning, a chance to start over, a time to grow from our experiences and to teach others about living. Trials come and go, but memories are forever. LHS is a

stepping

stone to the rest of your life, a time to prepare for the future, today's and tomorrow's. A chance to develop in a special way, to be special people. A new beginning . . . the beginning of an end.

Moment of Truth

Everything we do in life has an element of risk, an uncertain ending. What we strive for is a successful conclusion to each

endeavor

we begin. No one ever succeeds without failure; it's part of life. After all of the practice, studying and hard work, there comes a time when it all adds up; that is the "moment of truth."

1. The DRUMMERS added beat.
2. CRYSTAL ROMERO slides for the Junior class.
3. MR. BRASSER holds a conference with his assistants.
4. COACH FORD encourages the team.
5. DAN JACKSON grins as MR. EISENBERGER gives him the inevitable report card.
6. CINDY BIRD, KELLY WHITTEN and CAROL GALLETTA reflect before a pep rally.
7. Testing was often the moment of truth.

Learning Is Forever

The learning process is slow and difficult; it takes time, patience and a lot of courage. Reaching out for and understanding, being able to overcome our faults and disabilities are what our years at LHS are all about.

Growing

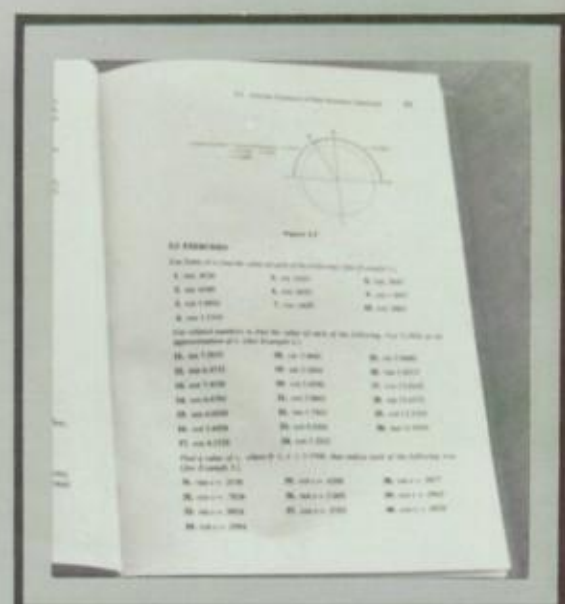

from the problems we face and defeating them are all a part of "learning forever." Experience is the golden path to the rest of our lives, being able to express our feelings and thoughts in the world. Learning never ceases; it's the continuing chain, a cycle to the future.

Good Company

Lakewood High School proved to be the place for meeting good company and making lasting relationships. Many students began to realize the importance of a true friend, the need for an understanding ear, and the convenience of a helping hand. As the seasons turned,

friendships

blossomed. Then, with time, they became the most valued possessions of our lifetimes. From September until June and through the variety of months in between, good company was what made it all worthwhile.

7. MAILE WHITNEY and MIKE FRANK find that good company has two meanings.
8. The SILVER LUTE SINGERS were always friends.
9. SUSIE GUTTIEREZ shows the MASCOT proper LHS spirit.
10. Club Day helped make many new friends.

Lancer Days

The alarm clock blares and marks the routine beginnings of Lancer Days. Almost all of the 2,482 students rolled out of bed and sleep-walked their ways to school. Although they struggled to keep their eyes opened during first period, they knew that if they could make it through first, the

rest

of the day would be a piece of cake. Friendships, hanging out, rushing to classes, and just taking it easy were some of the main elements in putting together Lancer Days.

Times of '79

Homecoming, as always, turned out to be the big event of the football season. As students continued with their studies, pepsters

sparked

an unusual amount of school spirit. Frisbees, racquetball, jogging, snowcones, and keeping a close watch on local ladies and gentlemen will be remembered as large parts of the times of '79.

12

Kickin' Back

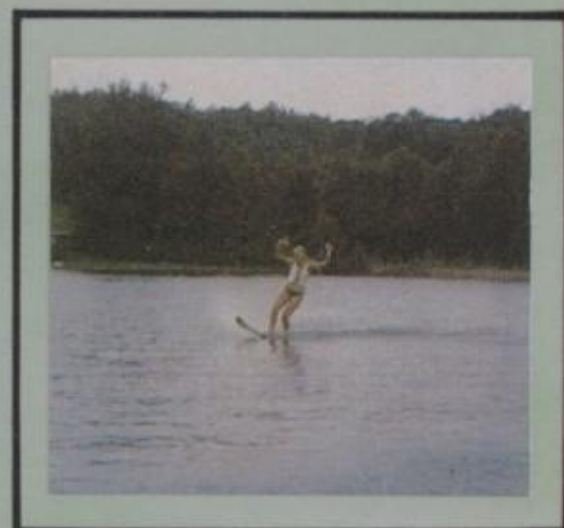

Fads come and go, but there was one pastime everyone enjoyed, kickin' back. One has to be able to stop the world around them and get off for a breath of

fresh

air, a good book, a day at the beach or even a trip to the local mountains. Lakewood High students were well-known for their ability to kick back and enjoy the long-awaited weekends and vacations.

8. A trip down Colorado's Animas river jolted JIM MOGAN.
9. Rock concerts were especially well attended.

Goin' Truckin'

Before and after school LHS students often saw Lancers compete in the Briercrest 500 and the Centralia Speedway. The entrees got around in almost any

conceivable

fashion. The more popular vehicles included bike handlebars, the front fenders of Volkswagens, unicycles, pogo sticks, shopping carts, and, if nothing else, the old reliable dogs.

6. Pedal pushers were still strong at LHS.
7. MR. SIMPSON shows off his original wheels.
8. MR. GENISAUSKI seemed to prefer submarines to cars.
9. DON HALL and JEFF HOWARD round the track.

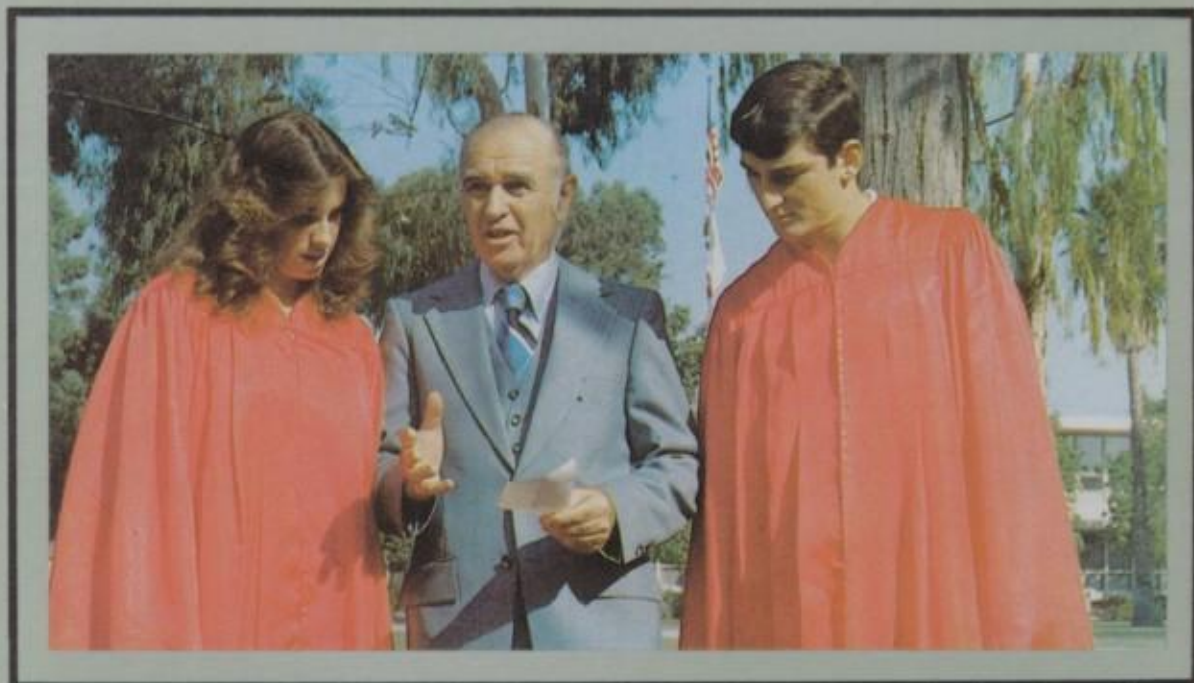

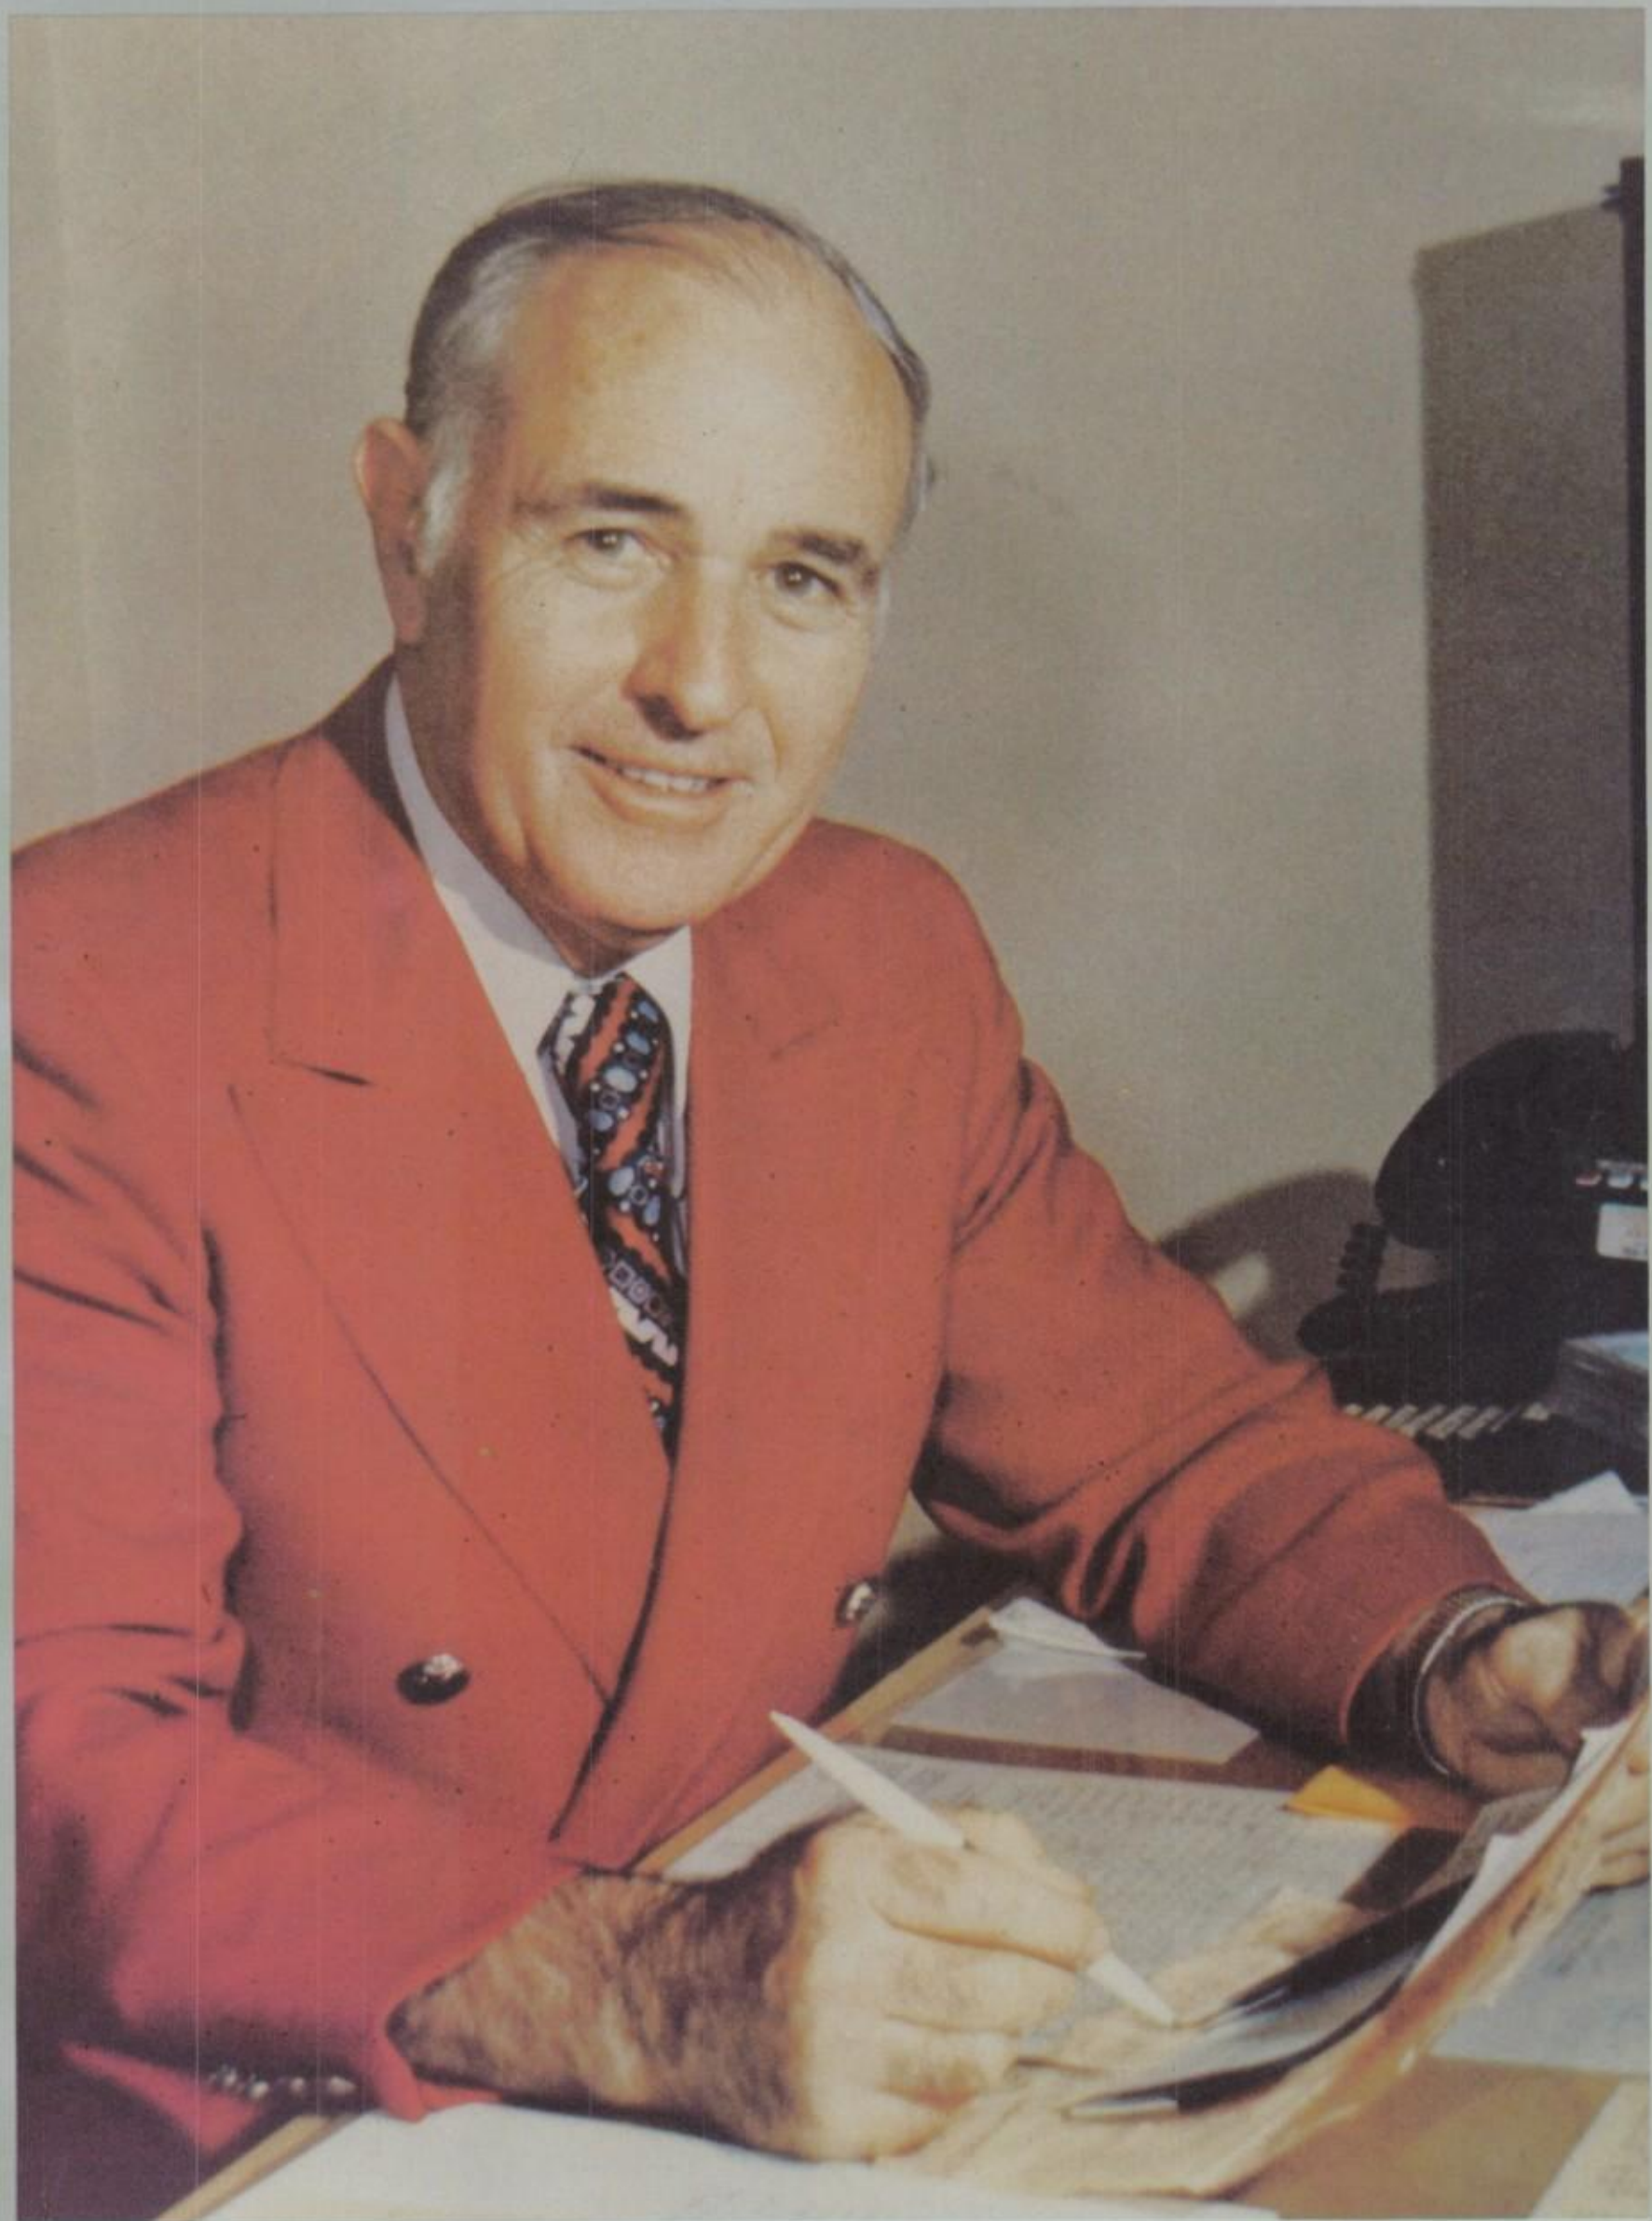

Mr. Harold I. Judson

Who is the most active man on the LHS campus? Who is called "Mr. Lakewood" because of his devotion to the school and to community affairs, such as the Rose Float Committee, the Kiwanis Club, the Pan American Festival, and many others? Mr. Judson is not only the number one Lancer, he is also a leading citizen in Lakewood. As the senior member of the high school principals in the district, Mr. Judson's judgment and

experience

are valued assets. His willingness to devote countless hours to both his school and to the district is an indication of the high calibre of man LHS has as principal. Oftentimes he can be seen communicating with students and with the staff regarding the welfare of the school. His friendly manner and his outgoing personality erase the stereotype many people might have about school administrators. One group of students observed, "He always has the time to talk with us, and he really listens to our problems." Being at the helm of such a large school is difficult enough, but achieving excellence for that school, as Mr. Judson has done, is the supreme achievement. Most feel that his initials, H. I. J., really stand for Honesty, Integrity, and Justice.

Homecoming Court

With the combined support of the student body and alumni, the 1978 homecoming was a great success. The highlight of the week was the coronation of the queen and her court. Cheers soared as Coach Ford presented Larry Moreno with the Mr. Touchdown award. The

anticipation

was ended as Dana Cleveland was crowned the 1978 Homecoming Queen. Her court included Senior Princess Charlotte Burns, Junior Princess Crystal Romero, and Sophomore Princess Laura Litrell.

Homecoming Week

The LHS spirit and enthusiasm were shown in a sea of red and white during homecoming week. Hamburger-eating, pie-eating and water balloon contests added to the celebration of the 1978 homecoming theme, "A Knight at the Circus." The annual tug-o-war was a

victory

for the students as they pulled their teachers through the muddy hole. This year marked the first time that the coronation of the Queen was held a day prior to the game. The homecoming dance at the Youth Center provided the culmination of an outstanding week.

Cabinet

The 1978-79 cabinet had another successful year which included outstanding student events that captured everyone's interest. Once again the Lancers were victorious in the canned food competition with Millikan. A

highlight

of the cabinet's many accomplishments was the spring dance which showed how much fun students could have and still be dressed up. These and many other activities kept the 1978-79 cabinet busy throughout the year.

David and Lisa

First a much-admired novel by a psychiatrist, Theodore Rubin, then an award-winning movie, *David and Lisa* has now been adopted for the stage. It retells the strange, appealing and utterly

5

fascinating

story of the two mentally-disturbed adolescents; David, only son of wealthy parents, over-protected by a dominating mother, and Lisa, the waif who has never known parental love. The play follows the theme during the course of a term at Berkley school, where they receive sympathetic understanding and psychiatric help. LHS students turned in outstanding performances and produced one of the most interesting plays in years.

"Music Man"

Meredith Wilson's fable about Harold Hill, the supersalesman who converts kids to musicians through faith, is American nostalgia at its best. The tactic of Professor Hill, a 1912 con

man,

is to whip up enthusiasm in small towns for starting a brass band and to get parents to buy instruments and uniforms and then skip town without teaching a note. Hill's musical illiteracy creates suspicion in Marian the librarian, but not enough to dispell romantic interest in the hero. The professor, in love, for the first time in his career stays to face the music.

Vocal Groups

Music groups made up a large part of the LHS extra-curricular program. Besides great effort and time spent in class, these artists spent many combined hours practicing on their own. Mr. Schmitt, the choral director, is liked and

admired

by everyone who got the chance to grow vocally and mentally in the knowledge of music. Each and every person who participated enjoyed the experiences they had.

Lakewood's 1978 varsity water poloists provided many thrills in a season which saw the rebuilding of a dynasty. Although the overall record was a mediocre 12-11, upsets of such powerhouses as Costa Mesa and Buena Park really showed how the H₂O gang could

operate.

Under the patient guidance of Coaches Krebs, Barth, and Schuster the team rallied late in the season and entered the CIF competition. Outstanding members of this year's team included Scott Morrison, Craig Grell, Kyle Collins, Mark Lamb, and supergoalie, Thomas "Splash" Hartel.

What could be more exciting than seeing a last-minute goal to clinch the game? Junior varsity poloists posted substantial victories over Millikan, Jordan and Poly to finish in a respectable second place in Moore League competition. Never dull and always

wet

the team had many returning lettermen who spiked interest in the sport; among the most outstanding were Jim Mogan, Glenn Pattillo, and Dave Ferguson. The sophomore H₂O experts also found a second place in their league and were spurred on by Chris Lawson and Susie Kuestner.

Varsity Football

The 1978 varsity football team opened the season with great expectations of heading for the CIF playoffs. The first game against Loara boosted the Lancers' morale when they exploded into a 33-13 victory, giving Coach Ford his 100th win. The Lancers went with number 16, Larry Sather as quarterback. The team posted another win against Westminster, but the following week the tables began to turn. With Sather out for injuries, junior Mark Fitzgerald saw action for the first time along with a defeat by Mater Dei. Hoping the regular season would be

brighter,

the men went in to beat Jordan in their first Moore League game by putting the Panthers in their pit 14-6. Steve Johnson led the victors with 139 yards rushing. But against a tough defense, the Lancers only scored one touchdown in the next three games. Hope for a CIF berth was a small flicker of life in a must-win situation against the Bruins; the flame was doused 17-6 in a heart-breaking game. The team looked forward to a better season in 1979.

J.V./Sophomore Football

The Junior Varsity football team recorded another fine season. The squad, consisting of only 18 players, had a rough start in beating only Mater Dei in preleague play. However, in Moore League action there was a big turn about. Victories were posted against Jordan, Compton and Wilson with only close losses to Millikan and Poly. Fine performances by Dick Brown and David Mazure led the squad to a very

rewarding

season. The young sophomore team found themselves in turmoil all year. These fine men worked hard and showed great LHS spirit promising strength for next year's junior varsity and varsity squads.

Cross Country

Lakewood's cross country teams had very successful seasons in 1978; girls' varsity finished first in the league and the boys' team came in a strong second. The varsity team had standout runners such as David Robinson who was followed closely by junior Lawrence Youngblood and Ken LaTourette. The varsity upset of the Wilson Bruins

Basketball

The 1979 Lancer basketball team provided a thrilling season for its fans. With swift ball controllers Mike Ries and David Ortiz and the expert shooting of Tim Murphy and Chuck Acrie, Lakewood stood out as a tough competitor in the long race to the top in Moore League play. After a

winning

effort against Jordan, the LHS cagers went up against Poly. But through a long battle, the team went home defeated. Once again the Lancers breezed past the Panthers with Tim Murphy bursting out with 37 points, a record high. In the last Wilson game the once bright hopes for a CIF berth were finally dashed.

JV Basketball

1979 was full of surprises for the junior varsity basketball team. The hoopsters went in with a lot of experience and they proved their talents in the first game against Jordan, however in the next two games the Lancers lost by narrow margins. In the Millikan game the pace was fast as Steve Gutierrez led the Lancers as high scorer. With

fine

performances by Randy Sutton and Kenny Heaton on the boards, the LHS cagers finished out a long season with a 3-7 record. The sophomores also had a challenging season and Coach Melvin helped these hoopsters pull through with a 4-6 overall record. Fine performances by Dave Powers, Tony Hicks and Danny Lafarett kept the team going. The sophomore reserve squad had a very rewarding season and became co-champions of the Moore League. Under the careful coaching of Coach Steiner the team as a whole showed much potential as future varsity players.

Varsity Baseball

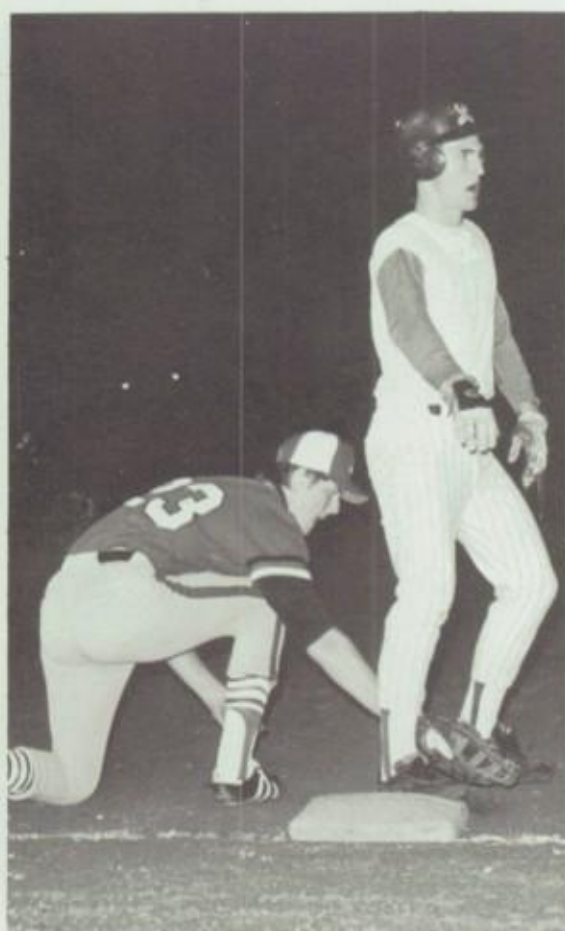

Once again the Lancer varsity baseball team entered its season with great anticipation of a CIF berth and a long list of victories in sight. Leading the drive for a 1979 championship were returning lettermen Mike Buckley, John Arnold, John Wyman, and Joe McGinnis. The Lancer strategy rested on its fine pitching staff with junior Fred Engstrom who

hurled

many flaming fast balls to fuel the Big Red Machine. A collective team effort stopped many opponents cold with an excellent outfield and a lightning quick infield. The power packed offense drove in a traditionallu high number of runs. Team spirit and fierce determination made the 1979 varsity baseball team a memorable one.

JV Baseball

The 1979 Junior Varsity baseball team again proved themselves by winning many league games. This team was loaded with surprising talent consisting mostly of fine sophomores and juniors. Pitchers Adam Pilchman, Sal Diaz and Bob Jones made it a challenge for any

contender.

Other fine sackers included Ed Kaveny, John Turner and John Samuelson ripping up the infield. The squad, coached by Mr. Lampson and Mr. Arnold did an outstanding job as expected. The entire team learned the importance of playing as a unit and the Lancers shone through another season. These fine players should provide Lakewood with an awesome squad for years to come.

Varsity Track

In the past, Lakewood track teams were full of talent, and the 1979 squad was not an exception to that rule. Even though many of this year's varsity team did not have much experience, they put out a tremendous amount of

effort

which led to many Lancer victories. The teams' distance events provided some of the season's highlights. The combined talents of Mike Brandow and Anthony Reid gave Lakewood special strength in the field and sprint segments of the sport. Coaches Ryan and Myers pulled the remainder of the team together with interesting results and an outstanding season. The girls' team did another fantastic job and more than kept the pace. Suzie Gutierrez and Sheryl Light took numerous firsts in the sprints, while superb long-distance ladies included Linda Bayless in the two mile, Cheryl Gilpin in the 880, and Cheryl Thompson in the 440 yard run. These individuals showed great form, but it was the team spirit that led them to be champions.

JV/Sophomore Track

The size of the junior varsity track team was somewhat reduced in 1979 due to the fact that many juniors were moved up to the varsity team. Leading the jv's were Kurt Antone in the two mile, Ron Wilson in the 330 low hurdles, and Chriss Burge in the pole vault. Individual efforts and teamwork and the inevitable long hours of practice led to a

season

which included many rewarding victories. The sophomore squad also had many stand-outs who helped contribute to a winning season. This group proved especially strong in the field events as the year progressed. Memorable performances were recorded by Randy Hogan in the 880 and Bill Wyatt in the shot put. Lakewood was proud of all of the participants in the 1979 junior varsity and sophomore track teams.

Wrestling

The 1979 varsity wrestling team held up a winning tradition by capturing second place in Moore league action. Ray Gulmatico, a sophomore, was one of the more domineering grapplers Lakewood has had; weighing in at 115 pounds, he finished the season with a

perfect

record of 29 wins and no losses. LHS advanced a qualifier to CIF prelims as well, among whom were Jim Bowen, Dan Colvin, Don Mueller, Mike Frank, Roy Cheaney, Tom Heslin, Jon Rainer and Don Murray. In junior varsity action, the young athletes came in a second place tie. The team as a whole did an outstanding job and gave much support to every member.

finally paid off handsomely when Moore League competition rolled around. The rings, horse, bars, and mats became a second home for these fine gymnasts.

Premier swimmers on the 1979 team included Scott Morrison in the backstroke and Mitch Alves, who did a fantastic job by taking second place in Moore League. Under leadership of Everett Uchiyama and Marty Schuster the sophomore team had a winning season. Members of this

team

who scored repeated victories included Chris Lawson and Kevin Collins. The junior varsity squad swam with vigor in the numerous meets in which they competed. Their style promised much for next year's varsity team. JV swimmers Dave Ferguson and James Mogan had a most successful season.

Coach Gough's golf team witnessed another fine season; though the team was small the experience was great. They were led by three returning lettermen who helped such newcomers as Cornelius, Cusson and Owens. These swingers proved that they could capture any course with

style.

Coaches Krebs and Riley also fielded two very impressive tennis teams. The varsity squad, led by Craig Cunningham, Mike Calvert and Guy Magnera showed what true experience meant. Both tennis teams faced tough rivals but determination and endurance remained the order of the day.

Volleyball/Tennis

Lakewood High's girls' volleyball team held strong a LHS tradition by taking the first place berth in Moore League competition. This is the second year out of three that the Lancer women have made it to the CIF play-offs. Even though the team met defeat in its first match against Rolling Hills, honors were held high by; junior Heather Forbes, MVP of the league and Diane Rasmussen and Nancy Hogan receiving all-league merit. The JV team struggled to finish fifth, but the all-sophomore team has great potential. Much

action

will be expected from this squad next year. The varsity tennis team was in a turmoil with only two returnees. The team had a difficult time getting under way, ending up with three wins in league action. Fine performances from number one singles player Sandy Blazer and top doubles star Sheila Kalman and Suzanne Steege earned these athletes a spot in the Moore League tournament, with Sheila and Suzanne making the all-league team. Coach Gonzales hopes with this year's experience next year's team will be at their best.

Girls' Cross Country/ Basketball

A combination of experienced runners and eager sophomores made up the 1979 girls' cross country team. Lakewood captured a perfect season to be named Moore League champions. The Lancer team then went on to a 6th place finish in CIF competition at Mt. Sac. The team was led by outstanding runners Kathryn Motshagen and Cheryl Gilpin. They were backed up by other fine athletes Cheryl Thompson, Cheryl Traurig and Joanne Kuestner, helping Lakewood to another

victorious

season. The 1979 girls' basketball team did a fine job for such a rough season. Many individuals stood out to make a tough team. Three year varsity player Julie Herrera, along with Heather Forbes, led their squad in high scoring. Gayle Yeates and Shéila Kalman balanced the team with their fine performances. The junior varsity squad finished as Moore League champions, with great leadership provided by Barb Brodeur and Debbie Taylor.

Softball/Swimming

The 1979 softball team showed why LHS has a winning tradition; with most of the squad being returnees, these letterwomen produced an awesome challenge to all other schools. Top pitcher Julie Herrera and her tough infielders Barbie Tereschuk and Laura Steege, provided an unbeatable combination on the field. With a Moore League victory in sight, and the varsity, JV's proved to be

invincible.

Style was once again the key factor in the girls' swimming team. They were led by Sigrid and Nancy Schuster and did nothing but bring home victories for LHS. The swimmers really pulled together as a team and showed all opponents what red pride really meant.

Modern Dance/Badminton

Lakewood has not a new but a very refined sport; one that is usually laughed at and criticized. But ask any of the girls on the 1979 badminton team and they'll tell you that it's not as easy as it looks. Among the top

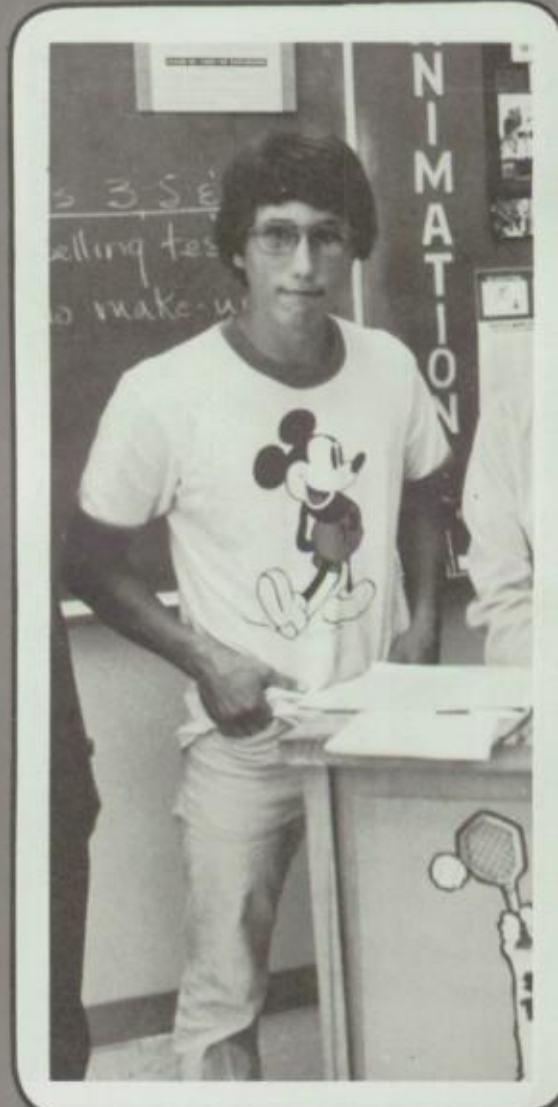

players

were Sandy Blazer, Nancy Hogan, and Julie Bussell, all of whom led the team to numerous victories. The most graceful girls in all of Lakewood are the ones in advanced dance. Their fine performances were ones all Lancers enjoyed and will always remember. Dancers such as Carol Galletta, Cindy Bird and Maria Young displayed their agility and grace. They were seen in such productions as "Dreams In Motion" and various other programs.

"Lance"

The "Lance" continued its fine journalistic tradition under the patient guidance of Mr. Genisowski. The 1978-79 paper was published bi-weekly and gave Lakewood students a chance to discover what was happening on the Lancer campus. "Lance" reporters were always on the go writing stories and meeting deadlines. But other students also had a

chance

to write and voice their opinions through the letters to the editor section. The newspaper always had the scoop on Lakewood sporting events, new movies and albums, student activities and cartoons. The "Lance" gave future journalists a chance to learn more about reporting, production, publishing and distribution.

Citadel

Upon entering the top of the 200 building one can sense the presence of a higher order, a very special and elite group. These individuals are the memory recorders of Lakewood High School. Yes, it's the CITADEL staff. Leading this

restless

work-happy organization is a bird . . . no, a plane . . . no, it's fearless Quentin Wood and his two elves, editors Jayne Barton and Victor Merrill. Together with the staff, they fought to finish layouts, copy, crop pictures, and meet deadlines. When one passed their headquarters, strange noises were often heard. Spectators often wandered past to catch a glimpse of these fly-by-night earlybirds, but they were rarely ever seen.

Administration/ Counselors

Despite Proposition 13 cut-backs, Lakewood's administrative staff worked hard to keep the Lancers number one. Readmit procedures were changed this year due to cut-backs in office clerks; students now had two days to obtain absence slips, but only before or after school, or during lunch. Students found that the counselors had many

answers

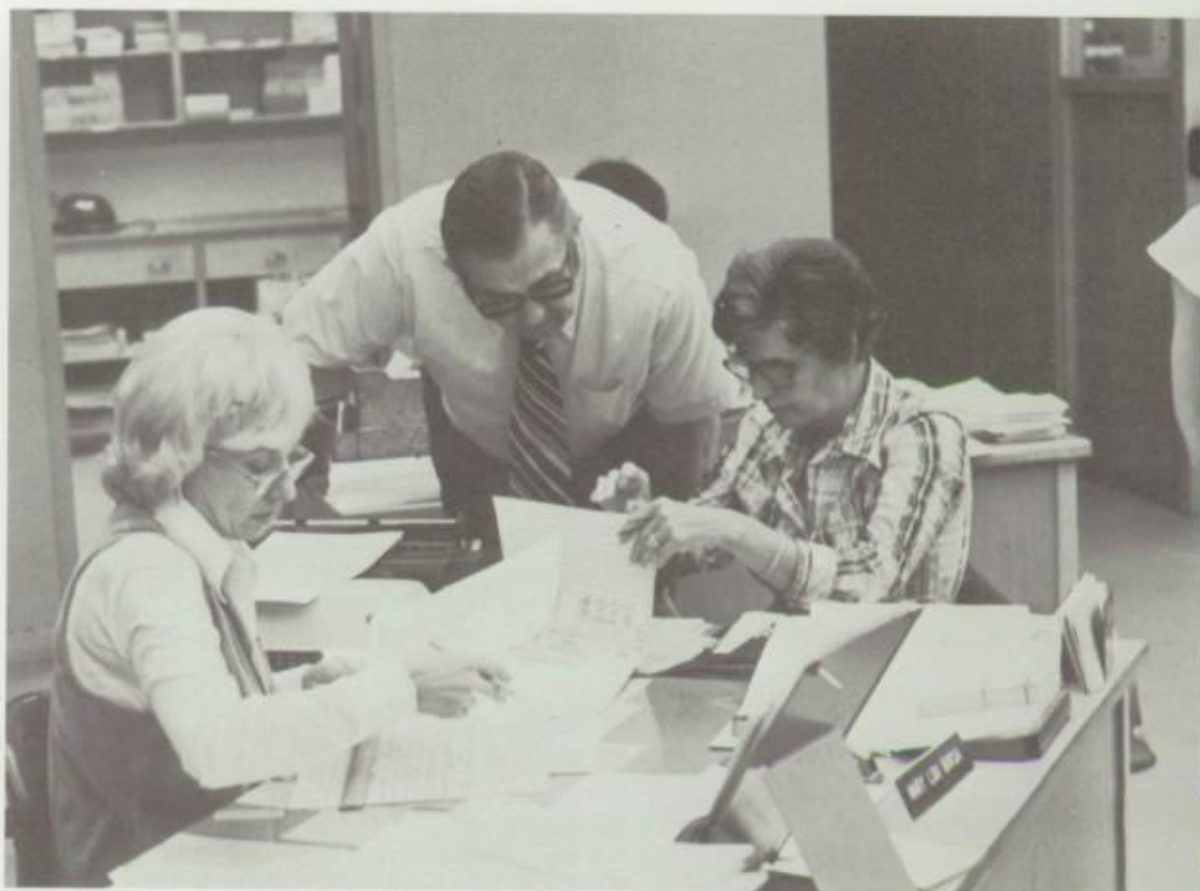

to their questions about programs, graduation, academics, and personal lives. Activities Director Kimbrel was always busy lining up assemblies and special events for the student body.

Social Studies

Social studies classes spiked the interests of seniors and many other Lancers with a diverse choice of electives, such as current affairs, ethnic studies, psychology of love and marriage, and contemporary world problems. These courses taught students about the world around them and how their government worked. Juniors learned about the stories behind the

great

moments in American history and many of them chose to take the advanced placement examination in order to get college credit for their knowledge. All social studies students found how they could profit by learning how the world came to be as it is.

Math

Lakewood offered courses for almost every student interested in mathematics. Whether it was learning how to compute logarithmic vectors, or even how to balance a

checkbook,

LHS had classes ranging from general math to pre-calculus and computer mathematics. For the first time Intermediate algebra and trigonometry became separate classes instead of one. Overall, the math department helped students to learn how to work with figures for later life.

Science

As the world moved into a more scientific generation, the Lancers moved with it. Courses such as chemistry and biology taught students the bases of science; the more advanced sciences, such as marine biology, gave students valuable knowledge about such things as the moon's influence on tides. Physiology and anatomy students learned the names of their body parts as well as their

functions

and how to keep them healthy. Other sciences included earth science, life science, and human biology. Photography remained one of Lakewood's most popular offerings. Science classes did a great deal to help Lancers keep up with a rapidly changing world.

English

While sophomores were required to take English 1-2, other Lakewood students found a great many English electives to fulfill their language requirements. In creative writing, students used their talents to write poetry, short stories and

plays.

For all of those future film critics, Lakewood offered film analysis. All of the sophomores with literary talents contributed to this year's highly successful "Sophomore Writes." Lakewood's English students didn't leave any blank pages in a very successful year.

ventured

to the left, found Mr. Wickman in the media center. The center is filled with tapes to listen to, film strips to watch, plus a great selection of audio-visual equipment to help further the education of Lancers.

Foreign Language

For those students wanting to learn a foreign language and to become bilingual, Lakewood's foreign language department had something for them. Spanish, German, French, and Latin were all offered in one of the school's most challenging departments. The

Physical Education

Students wanting a chance to just relax and kickback didn't get much of a break from the physical education department; more often than not they were running laps, doing push-ups or learning new sports. The popular elective systems remained in effect in 1979. Sophomores found they needed to know how to swim before they took advantage of this program. Some of the

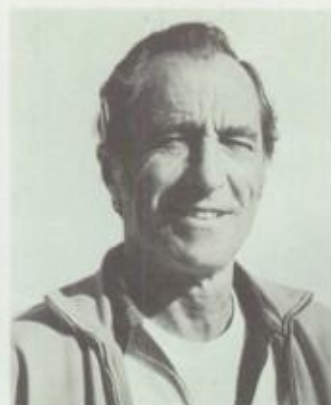

electives

included badminton, football, team weightlifting, gymnastics, basketball, tennis, golf, and archery. To round out the year, students tried to pass the presidential fitness test of agility, strength and stamina. Many students set new goals for themselves and established new records as well as staying physically fit.

Industrial Arts

The industrial arts department was a popular choice among students who didn't mind getting dirty or working with their hands. Safe and correct usage of all the tools were always stressed in the shops and Lancers found themselves working on projects from

transistors

to cars. Other students learned how to build dream homes while their counterparts learned how to design them. Industrial arts proved to be one of the most rewarding because students could see tangible results of their work.

General Studies

Career guidance had sophomores beginning to think about what they wanted to do when they got out of Lakewood High. Driver's education taught students the laws,

regulations

and rules of safe and skillfull driving. Health education was the class where students learned about childbirth, catching diseases, and even how to blow down someone's throat. General studies was the department that kept the sophomores hopping.

Business Education

Business education covered everything in business from selling cakes to taking shorthand. This department gave students a chance to learn skills to be used in the business world. Students limbered up their fingers for one of the many types of typewriting classes offered. For others that liked to keep their accounts

straight

Lakewood had classes in record keeping and accounting. For those future lawyers, business law provided a great deal of training. This department paved the way to make today's Lancers tomorrow's business leaders.

Art/Music

The vocal groups sang their way into the hearts of all Lancers while the instrumental groups played music that could soothe the savage beast. The combination of the two provided various programs and one of the best musicals in memory. Art students turned out a myriad of projects which they worked long and hard on and displayed all over the school. The

work

was appreciated by all because it brought a little more color to the LHS campus. This department once again gave Lancers a chance to create and broaden their talents and to get recognition from their fellow students.

Memories
Of things pressed long ago
In old, faded books
Are priceless
Reminding us of
The tears we've cried
And the smiles we've shared.
They fill our hearts
With sentiments of the past.

And yet
The memory of a friend
Is worth so much more
Than a card or photograph
For it leaves a happiness
And joy in the heart
And mind
Which can never be replaced
But will last
For all time.

Stephanie,
It's time to say good-bye
and I don't want to school is
really neat now that you're leaving
cause now I'm going to miss you very
much. I am also glad (& honored) to
sit next to you in graduation. Please
have a good future and pretty. I
know you will.

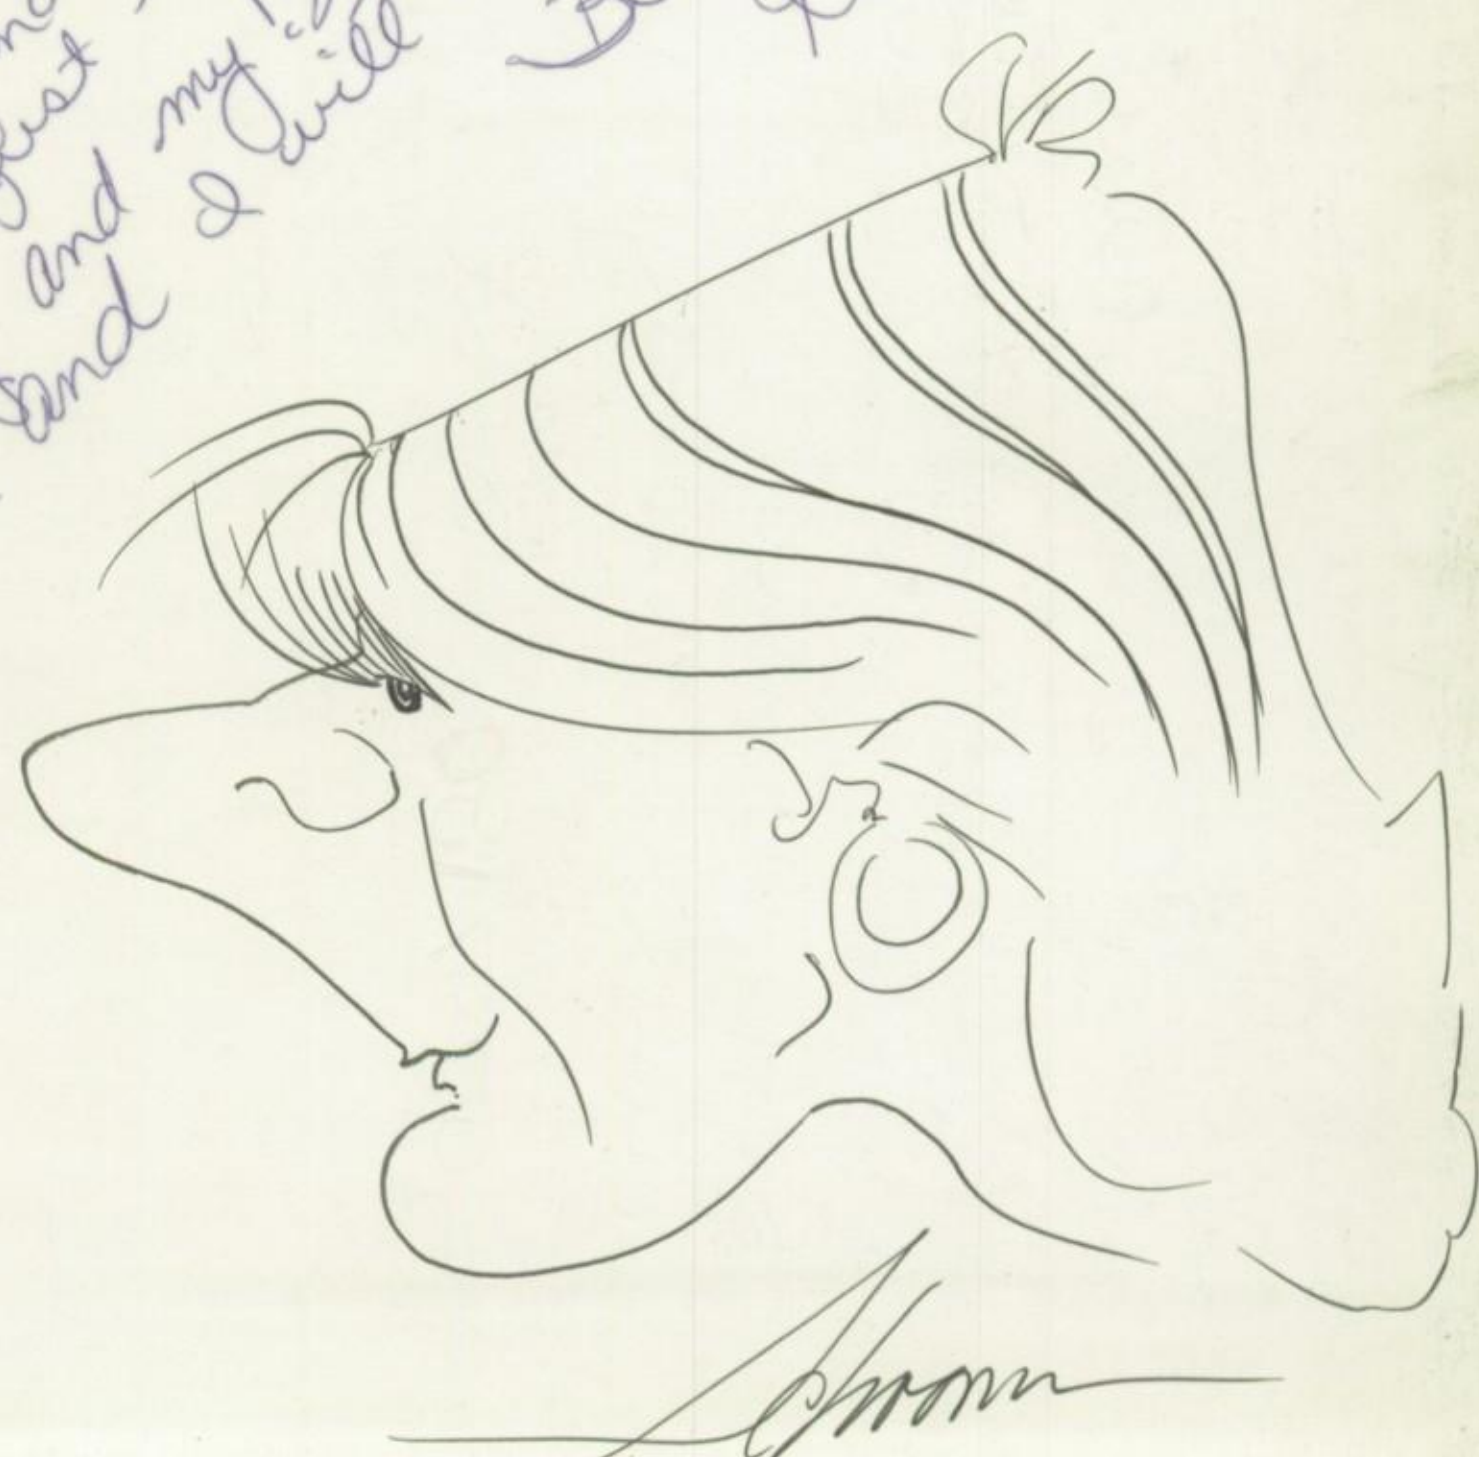

Love ya always,
John J. Sipe
